WHAT'S FIXED

YOUR ONE SENTENCE

Building footprints & rough scale. **Primary accesses.** Mark where each **land-use type** lands in Phase 1 and at the Phase 2 Central Node, and roughly at what intensity.

~200 ha · City owns **100% of Phases 1 & 2** · Mixed-use Central Node sits in Phase 2 · Phase 1 = residential plus other uses · Existing services run along the corridor edge.

What has to be true on the ground before Phase 2 starts?
